

Public Works Programs

Leaf Pick Up

From October 1st through December 31st, the public works department will pick up leaves for residences within the City.

Water Conservation

From time to time, it may be necessary for the city to ask for water curtailment. There are several different levels, from voluntary to mandatory. We will let you know of any water curtailment by placing a reader board at city hall, issuing notices to the media and using the city's newsletter and website.
