

Public Works Frequently Asked Questions

How do I report a street light that isn't working?

Pacific Power maintains the street lights in the City of Independence . If a street light needs repair, please call them at: 1-888-221-7070, and have the following information ready:

- Location of street light (nearest street address, if possible, and the nearest cross-street)
- Reason for light not working: is it out completely? on all the time? cycles on & off at night? cover broken?
