NOTES AND INSTRUCTIONS			
<ul style="list-style-type: none"> ■ The purpose of this checklist is to help define a complete submittal package for the scope of work. Plan review will not take place until a complete package is submitted. ■ This checklist can be used for all commercial construction projects, including new construction, additions, alterations and tenant improvements. ■ For complex projects, applicants should use the “location” space to note the item’s location and page number from the plans or the specification book. ■ It is not necessary to duplicate submittal information, even if it is asked for in multiple sections. ■ In the checklist, “Required” means that the applicant must provide this information for plan review. ■ In the checklist, “P” means — <ul style="list-style-type: none"> • <i>if checked by the applicant</i> — the information is provided for the plan review. • <i>if checked by the plans reviewer</i> — this information is required for the plan review. ■ In the checklist, “NA” means that the information does not apply. ■ Choose only those sections of the checklist that apply to your scope of work. Section 1.0, “General Project Data,” must be included with each project submitted. 			
PRE-SUBMITTAL PROCESS			
<p>An applicant may request a pre-submittal meeting with representatives of the jurisdiction in which the project will be built. The meeting may take place during the conceptual, schematic, or in-progress phase, or when the applicant has completed plans.</p>
