- The fee for the permit.

STANDARDS FOR FENCES

- | | |
|---|--|
| <ol style="list-style-type: none"> 1. All fences must be located on your property. Fences in City right-of-way are not allowed (the City is not available to help determine property lines). 2. Applicants are required to call 811 for locates. 3. Fence Heights: <ol style="list-style-type: none"> a. Must meet all vision clearance requirements (per IDC 74.005(C)) at streets and alleys. b. In the front yards of residential uses, fences cannot exceed 3 and ½ feet in height, unless constructed of a non-sight obscuring material. c. Fences otherwise enclosing residential uses cannot exceed seven (7) feet. d. Fences enclosing commercial or industrial uses must be at least eight (8) feet tall if topped with barbed wire or other injurious material. | <ol style="list-style-type: none"> 4. Fence Materials <ol style="list-style-type: none"> a. Fences shall be made of wood, brick, vinyl or wrought iron. No chain link, sheet metal, metal roofing, plywood, etc. is allowed. b. Fences are required to be painted if made of stained or discolored materials. c. Fences are required to be constructed so that the finished side faces outward. d. Fences must be maintained to be in an upright, self-standing condition and repaired with the same or similar materials used in the existing fence. 5. Construction of fences shall meet all State and local codes. 6. Once installed, the applicant must call the City for an inspection. |

SIGNATURE

I certify that the information submitted is true, and I have read the standards of this application. By signing, I additionally take responsibility for any work that is not done in accordance with the standards for fences in the Independence Development Code, and will pay to move any fence that is inadvertently built in a public right-of-way and/or compensate the City or any impacted service provider for damage that is done to utilities during the installation of the fence.
